Dear Harmon:

I have your letter of April 29, 1991, and the generous contribution the CTR has made to our meeting in Crans-Sur-Sierre on "Immunology and the Cellular Membrane." May I express my deep appreciation, not only of the contribution itself, but also the extraordinary promptness with which you acted? I really do believe the meeting will be very good indeed, and enormously timely.

I suggest that we acknowledge the gift simply by saying "Travel expenses were contributed by" - and include the Council for Tobacco Research-U.S.A., Inc., on the list. Please let me know if this is not in order.

I do want to reassure you that we never reimburse expenses incurred by people from the Industrial sector. We do welcome such participants, and indeed there will be 3 or 4 such. However, as in all our previous meetings, "Industrial" participants will pay their way, or have it paid by the Institution for which they work.

Again, my warmest thanks,

With best wishes,

Manfred L. Karnovsky
